

Standard Guidelines for Major Research Project

- In the Third & Fourth semester, each student will carry out a Major Research Project of 200 marks (100-100 marks in each semester).
- There will be external evaluation (50 Marks) by the external examiner and internal evaluation (50 Marks) by the internal examiner appointed by the Principal in both the semesters.

- In the Third Semester i.e. Phase I of MRP, students are suppose to complete up to the data collection part.
- In the fourth semester i.e. Phase II of MRP, students will analyze their data & complete their project.
- In the Third Semester, students are being allocated to the guides as per the specialization of student & faculty (As far as Possible).Students will finalize the topic of MRP with the respective guides and prepare synopsis in the standard format prescribed by the institute on website.
- Guides & topics for MRP will be decided by Research & Development Cell.
- There will be interaction between student & guide only. The faculty guide can seek the guidance of the senior faculty members/experts, if they need.

- The faculty guides will be solely responsible for the research work of their allotted students. It should be noted that instructions to students for corrections and other instructions will be provided by Guide. The guide will have overall responsibility.
- The submission of synopsis, questionnaire, collected data, data analysis & final report will be to the concern guides only.
- Major Research Project may be based on Primary data or Secondary data.

- If a student wishes to do a study, that can be an extension of someone who has already done the study in previous year(s) that includes his own Minor Project with other members of his own group or some other Project, he requires to take NOC from other student(s)

- The topic of Major Research Project can be of any specialization/field. There is no compulsion for student that, he chooses the topic of his specialization only.

- Sample size for Major Research Project would be 150-200 only.
- The following points keep in mind while writing report or synopsis.
 - It should be in proper format which is provided by R & D cell uploaded on website.
 - All the additional preliminary pages of report (like Acknowledgement, Certificate & Declaration) should be as per format given on Institute website.
 - Paper size should be A4.
 - Font Type should be Times New Roman.
 - Font size should be for Text 12, for Headings 14 & Bold and for Subheadings 12 & Bold.
 - Page Margins should be 1” for Top, Bottom, and Left & Right.
 - Line Spacing should be single.
 - Submission of synopsis, questionnaire or secondary data should be in spring file only.
 - Final Report submission of MRP should be in Hard Bound (2 sets, one for library & one for the guide) along with soft copy in CD attached with file.
